

R. B. Stewart Middle School

Fifth Grade Community Connections Night

Monday, December 11, 2017
Beginning at 6:00 pm

Dear Parents or Guardians of 5th Grade Students:

Today, R. B. Stewart Middle School Counselors visited your child's elementary school and talked about special programs that your child can be a part of at Raymond B. Stewart Middle School next year. There are many exciting opportunities that are available to your children who will be attending Middle School next year, and it is important for you to make an informed decision about where to send your child next year. There are three programs that are unique to RBSMS:

Infinity Academy is in its fifth year at RBSMS. It is a blended learning academy that encourages independent learning and advanced coursework. Students selected for this program are **issued a computer** and have full use of the computer at home and at school. This program serves students from all of Pasco County and interested students must apply to be selected into this highly competitive program.

AVID (Advancement Via Individual Determination) is a research-based, structured, college prep system designed to provide direct support for college-bound students. Students who are enrolled in this elective course are determined and willing to work hard to prepare for college. AVID's goal is for a student to graduate high school with the requirements to enter a 4 year college degree.

Delta Academy is an after school program that provides tutoring, enrichment activities, STEM (Science Technology Engineering and Math) projects, and intramural activities. This exciting program is **FREE of CHARGE** and is open from 3:00 pm - 6:00 pm daily for parents who are interested in after school care.

RBSMS is hosting a **Community Connection** evening event on Monday, December 11, and we would like to invite you and your child to attend this special night. There will be a special presentation by the teachers of the Infinity Academy and you will have an opportunity to tour the campus and meet some of our outstanding students and pick up an application for the Infinity Academy.

Tours of our campus will begin at 6:00 pm and the information session about the Infinity Academy will begin at 6:30 pm. Families should report to registration table located at the front of the school and we will have students available to take you on your tour of our beautiful campus.

Sincerely,
Shae L. Davis
RBSMS Principal
